

SPARKLING SWEET VENOM

YOU WILL NEED

Sparkling white grape juice

Red food coloring

Blue food coloring

Sanding sugar

Grapes

Pour sparkling white grape juice into pitcher. Add alternating drops of red and blue food coloring while stirring until liquid is light purple in color.

Fill one wide bowl with 1/4" deep water, and fill another with 1/4" deep sanding sugar. Take glass and dip rim into water and then sanding sugar, to create a sugared rim.

When sugar rim is dry, fill glass with purple sparkling grape juice.

Drop a pair of grapes in the bottom of the glass. Or, if you want to be fancy, cut several grapes almost in half and set them on the rim of the glass for garnish.
